

Ministry of Education and Science of the Russian Federation
Russian Foundation for Basic Research
Society of Plant Physiologists of Russia
M.K. Ammosov North-Eastern Federal University

PROGRAM

IIIrd scientific-practical conference
"Prospects of phyto-biotechnology for improving the quality of
life in the North" with international participation
and a scientific school on cell biotechnology

4- 8 June, 2018
Yakutsk, the Republic of Sakha (Yakutia), Russian Federation

ORGANIZERS:

M.K. Ammosov
North-Eastern Federal
University

Institute of Natural
Sciences

Society of Plant
Physiologists of Russia

FINANCIAL SUPPORT:

RFBR

NEFU

СПОНСОРЫ:

PROGPAM COMMITTEE

The CHAIRMAN:

Evgenia Mikhailova Rector of NEFU, Academician of RAE, Yakutsk
PhD, DSc.

CO-CHAIRS:

Konstantin Krivoschapkin Head of Department - Vice Rector for Yakutsk
Sciences and Innovation, PhD.

Vladimir Kuznetsov Corresponding Member of the Russian Moscow
Academy of Sciences (RAS), Chairman of the Society of Plant Physiologists of
Russia, DSc, Prof.

Alexander Nosov Head of the Department of Plant Moscow
Physiology, Biological Faculty,
Lomonosov Moscow State University
(MSU), Head of the Department of Cell
Biology and Biotechnology of Timiryazev
Institute of Plant Physiology RAS (TIPPh
RAS), DSc, Prof.

MEMBERS:

Vasilii Savvinov Vice-Rector of the NEFU for Strategic Yakutsk
Development, PhD.

Anatoly Nikolaev Vice-Rector of the NEFU in the branch of Yakutsk
natural math, director of the Institute of
Natural Sciences (INS) NEFU, DSc.

Dmitry Popov Director of the Arctic Innovation Center Yakutsk
NEFU

Elena Lobakova Professor of MSU, DSc. Moscow

Choon-Hwan Lee Professor, Department of Molecular Pusan, Republic
Biology, Pusan National University of Korea
(PNU), PhD.

Ismayil Zulfugarov Research Professor of Department of Pusan, Republic
Molecular Biology PNU, PhD. of Korea

Su In Cho Professor, Head of Department of Herbal Pusan, Republic
and Pharmacology, School of Korean of Korea
Medicine, PNU, PhD

Zhanna Okhlopkova Associate Professor of INS NEFU, Yakutsk
Scientific Adviser, Leading Researcher of
Educational and scientific laboratory
«Molecular genetics and cell technologies»
(ESL «MG&CT») INS NEFU, PhD.

Nadezhda Chirikova Leading Researcher of INS NEFU, PhD. Yakutsk

Sargylana Borisova Deputy Director of the NEFU Botanical Yakutsk
Garden, PhD.

Natalia Ivanova Deputy Director of the NEFU Botanical Yakutsk
Garden, PhD.

ORGANIZING COMMITTEE

The CHAIRMAN: Vice-Rector of the NEFU in the branch of Yakutsk
Anatoly Nikolaev natural math, director of INS NEFU, DSc

DEPUTY:

Vasily Kolodeznikov Deputy Director of INS NEFU, PhD Yakutsk

Zhanna Okhlopkova Associate Professor of INS NEFU, Yakutsk
Scientific Adviser, Leading Researcher of
ESL «MG&CT» INS NEFU, PhD

ЧЛЕНЫ

Maria Khandy Researcher of ESL «MG&CT» INS NEFU, PhD Yakutsk

Sargylana Alekseeva Post-graduate student, Junior Researcher of Yakutsk
ESL «MG&CT» INS NEFU

Alexandra Andreeva Post-graduate student of MSU Moscow

Roman Grigoryev Post-graduate student of TIPPh RAS Moscow

Timur Kharitonov Post-graduate student of TIPPh RAS Moscow

Sardana Sivtseva Junior Researcher of ESL «MG&CT» INS Yakutsk
NEFU

Elena Kucharova Lead Engineer of ESL «MG&CT» INS Yakutsk
NEFU

Saiyyina Ivanova Student of INS NEFU, group BO-14 Yakutsk

Alena Semenova Student of INS NEFU, group BO-14 Yakutsk

Dariya Semenova Student of INS NEFU, group BO-14 Yakutsk

Uliana Egorova Student of INS NEFU, group BO-15 Yakutsk

Aina Vinokurova Student of INS NEFU, group BO-15 Yakutsk

Nana Kirillina Graduate student of INS NEFU, group Yakutsk
M-BO-17-2

Akulina Alexandrova Graduate student of INS NEFU, group Yakutsk
M-BO-17-2

Julustan Popov Graduate student of INS NEFU, group Yakutsk
M-BO-17-2

Andrey Federov Graduate student of INS NEFU, group Yakutsk
M-BO-17-2

Vladimir Chemposov Graduate student of INS NEFU, group Yakutsk
M-BO-17-2

CONTACTS OF THE COMMITTEE

Zhanna Okhlopkova

Maria Khandy

LOCATION

Yakutsk, Republic of Sakha (Yakutia), Russian Federation, NEFU.

Program
 IIIrd scientific-practical conference
 "Prospects of phyto-biotechnology for improving the quality of life in the North"
 with international participation
 and a scientific school on cell biotechnology
 (Yakutsk, NEFU, 4- 8 June, 2018)

4 June (Monday)

Time	Event	Location
3-4 June	Arrival, meeting, accommodation of invited scientists and participants	Hotels in Yakutsk, Campus NEFU
09:00-10:00	Registration	Hall on the 1str floor of «ULK» NEFU (Belinskogo Str., 58)
09:00-13:00	Exhibition of manufacturing companies and suppliers of laboratory and educational equipment in the field of molecular and cell biotechnology	Hall on the 1str floor of «ULK» NEFU (Belinskogo Str., 58)
10.00-10:15	CONFERENCE OPENING Welcoming speech to the conference participants of the Chairman of the Conference, the Rector of the NEFU <i>Evgenia Mikhailova</i>	Hall of the Academic Council of the NEFU, 1str floor of «ULK» NEFU (Belinskogo Str., 58)
10:15-10:30	Speech of the Vice Rector of the NEFU for Sciences and Innovation <i>Konstantin Krivoshapkin</i>	
10:30-10:40	Speech Corresponding member. RAS, the Chairman of the Society of Plant Physiologists of Russia <i>Vladimir Kuznetsov</i>	
10:40-10:55	Appeal to the conference participants of the Vice Rector of the NEFU in the natural-mathematical direction - Director of the INS <i>Anatoly Nikolaev</i>	
10:55-11:00	Speech of the general sponsor	
Plenary reports		
11:00-11:40	Vladimir Kuznetsov (Russia, Moscow), Corresponding Member of RAS « Physiological mechanisms of plant adaptation »	Hall of the Academic Council of the NEFU, 1str floor of «ULK» NEFU (Belinskogo Str., 58)
11:40-12:20	Alexandr Nosov (Russia, Moscow), DSc, Professor « Cell Technologies: Present and Prospects »	
12:20-13:00	Choon-Hwan Lee (Republic of Korea, Pusan), PhD, Professor « Photobiology »	
13:00-14:00	<i>Lunch break</i>	«ULK» Canteen
Plenary reports		
14:00-14:40	Elena Lobakova (Russia, Moscow) DSc, Professor « Modern ideas about cyanobacteria »	Hall of the Academic Council of the NEFU, 1str floor of «ULK» NEFU (Belinskogo Str., 58)
14:40-15:20	Ismayil Zulfugarov , Research Professor (Republic of Korea, Pusan) « Molecular basis of the cold acclimation in higher plants »	
15:20-16:00	Nadezhda Chirikova (Russia, Yakutsk), Leading Researcher, PhD « Phytochemical research of Yakutia wild plants »	
16:00-16:20	<i>Coffee break</i>	
16:20-17:00	Su In Cho (Republic of Korea, Pusan), Professor,	

	PhD. « Effect of licorice extracts on ischemic brain injury »	
17:00-17:40	Zhanna Okhlopkova (Russia, Yakutsk), Leading Researcher of ESL «MG&CT» INS NEFU, PhD. « Prospects for biotechnology in the North »	
19:00	WELCOME PARTY	Banquet hall «KFEN»

5 June (Tuesday)

Time	Event	Location
Sectional meetings		
10:00-11:30	Section 1. Plant Biotechnology Oral reports of SPC participants	Lecture room 263 «KFEN» (Kulakovskogo Str., 48)
11.30-11.45	<i>Coffee break</i>	
11:30-13:00	Section 1. Plant Biotechnology Oral reports of SPC participants	Lecture room 263 «KFEN» (Kulakovskogo Str., 48)
13:00-14:00	<i>Lunch break</i>	
Scientific School on Cell Biotechnology		
14:00-15:30	Act lecture « Plant cell culture » Lecturer: DSc, Professor Alexander Nosov	Conference hall 302, the Arctic Innovation Center NEFU (AIC NEFU), (Kulakovskogo Str., 46)
15:30-16:00	<i>Coffee break</i>	
16:00-17.30	Practice « Plant cell culture » Moderator: DSc, Professor Alexander Nosov	Lab. 502 ESL «MG&CT», AIC NEFU, (Kulakovskogo Str., 46)
16:00-17.30	Refresher courses « Biotechnology of cyanobacteria » Moderator: DSc, Professor Elena Lobakova	Conference hall 302, AIC NEFU, (Kulakovskogo Str., 46)
14:00-17:30	Excursion for the delegation of scientists to the Melnikov Institute of Permafrost on the behalf of SB RAS.	Merzlotnaya Str., 36
18:00	Excursion for the delegation of scientists to Comdragmetall of RS(Y).	Kirova Str., 12

6 June (Wednesday)

Time	Event	Location
Sectional meetings		
10:00-11:30	Section 2. Plant resources and their potential Oral reports of SPC participants	Lecture room 263 «KFEN» (48 Kulakovskogo str.)
11.30-11.45	<i>Coffee break</i>	
11:30-13:00	Section 2. Plant resources and their potential Oral reports of SPC participants	Lecture room 263 «KFEN» (48 Kulakovskogo str.)
13:00-14:00	<i>Lunch break</i>	
Scientific School on Cell Biotechnology		
14:00-15:30	Act lecture « Biotechnology of cyanobacteria » Lecturer: DSc, Professor Elena Lobakova	Conference hall 302, AIC NEFU, (Kulakovskogo Str., 46)
15:30-16:00	<i>Coffee break, transfer to another building</i>	

16:00-17.30	Practice « Biotechnology of cyanobacteria » Moderator: DSc, Professor Elena Lobakova	Lab. 502 ESL «MG&CT», AIC NEFU, (Kulakovskogo Str., 46)
16:00-17.30	Refresher courses « Plant cell culture » Moderator: DSc, Professor Alexander Nosov	Conference hall 302, AIC NEFU, (Kulakovskogo Str., 46)
14:00-17:00	The delegation of invited scientists visit to the laboratories of AIC NEFU and the Museum of Mammoth	AIC, Kulakovskogo Str., 46 «KFEN», Kulakovskogo Str., 46
17:00-18:00	The delegation of invited scientists visit to the Medical Clinic NEFU	NEFU Medical Clinic, Kulakovskogo Str., 36.
18:30	Dinner of the delegation of invited scientists in the subsidiary company of SIE of NEFU cafe «Klass»	Housing 9/2 of the NEFU campus (Kulakovskogo Str., 42/3)

7 June (Thursday)

Time	Event	Location
Scientific School on Cell Biotechnology		
10:00-11:30	Act lecture « Anti-cancer potential of plants ». Lecturer: Professor, PhD Su In Cho	Lecture room 263 «KFEN» (48 Kulakovskogo str.)
11:30-11:45	<i>Coffee break</i>	
11:45-13:00	Act lecture « Ecological-hormonal-genetic concept of manifestation of sex characteristics in plants » Lecturer: DSc, Professor Viktor Khryanin	Lecture room 263 «KFEN» (48 Kulakovskogo str.)
13:00-14:00	<i>Lunch break</i>	
Scientific School on Cell Biotechnology		
14:00-15:30	Act lecture « Biotechnological processing of toxins » Lecturer: Ph.D., Grigory Kozlov	Lecture room 263 «KFEN» (48 Kulakovskogo str.)
15:30-16.00	<i>Coffee break</i>	
16:00-17:30	Act lecture « Molecular biotechnology of plants ». Lecturer: Professor, PhD Ismayil Zulfugarov	Lecture room 263 «KFEN» (48 Kulakovskogo str.)
14:00-17:30	Visiting a delegation of invited scientists from the Botanical Garden of the NEFU and the Yakut Botanical Garden	48 Kulakovskogo str. 10 km Sergelyakhskoye highway
18:00	Excursion and dinner of the delegation of invited scientists to the ethnographic complex «Chochur Muran»	Vilyuysky tract, 7 km, 5

8 June (Friday)

Time	Event	Location
Scientific School on Cell Biotechnology		
10:00-11:30	Act lecture « Plant secondary metabolism » Lecturer: PhD Dmitry Kochkin	Conference hall 302 AIC NEFU, (Kulakovskogo Str.,

		46)
11:30-11:45	<i>Coffee break, transfer to another building</i>	
11:45-13:00	Practice « Plant secondary metabolism » Ведущий: PhD Dmitry Kochkin	Lab. 502 ESL «MG&CT», AIC NEFU, (Kulakovskogo Str., 46)
10:00-13:00	Program for invited scientists: meeting with the Rector of the NEFU Eugenia Mikhailova	«ULK» 58 Belinskogo str.
13:00-14:00	<i>Lunch break</i>	
14:00-15:30	Meeting of the Program Committee, consideration and approval of the resolution of the event, preparation of documents, signing of contracts	Lecture room 263 «KFEN» (48 Kulakovskogo str.)
16:00-17:00	CONFERENCE CLOSING	
18:00-21:00	Gala dinner « CONFERENCE CLOSING »	«Makhtal» - restaurant of the Yakut cuisine (2 Kirova str.,)

9 June (Saturday)

Time	Event
04.00-18.00	Departure of invited scientists and conference participants

Speakers of the scientific school:

№	Section of the scientific school	Lecturer
1	Biotechnological processing of toxins Lecture	Associate Professor of the Department of Microbiological Synthesis Technology of the St. Petersburg State Technical Institute (St. Petersburg, Russia), Ph.D. Grigory Vladimirovich Kozlov
2	Secondary metabolism of higher plants Lecture & Practice	Senior Researcher of the Department of Plant Physiology, Biological Faculty, M.V. Lomonosov Moscow State University (Moscow, Russia), Ph.D. Dmitry Vladimirovich Kochkin
3	Biotechnology of cyanobacteria Lecture & Practice	Professor of M.V. Lomonosov Moscow State University (Moscow, Russia), Head of Laboratory, Doctor of Biological Sciences, Professor. Elena Sergeevna Lobakova
4	Plant cell culture Lecture & Practice	Head of the Department of Plant Physiology, Biological Faculty M.V. Lomonosov Moscow State University (Moscow, Russia), Head of the Department of Cell Biology and Biotechnology of TIPh RAS, DSc, Professor Alexander Mikhailovich Nosov
5	Ecological-hormonal-genetic concept of manifestation of sex signs in plants Lecture	Professor of the Department of General Biology and Biochemistry, Penza State University (Penza, Russia), Doctor of Biological Sciences, Professor Viktor Nikolayevich Khryanin
6	Molecular biotechnology of plants Lecture	Professor-researcher lab. Molecular biology of the Pusan National University (Pusan, Republic of Korea), Doctor of Biology Ismyl Sokhbatovich Zulfugarov
7	Anti-cancer potential of plants Lecture	Head of the Department of Herbalology and Pharmacology, Pusan National University (Pusan, Republic of Korea), Doctor of Biology, Professor Su In Cho

Brief description of the cultural attractions of Yakutia

Museum of Precious Metals or Treasury Republic of Sakha (Yakutia)

Address: Republic of Sakha (Yakutia), Yakutsk, Kirova str., 12, 123.

The treasury of the Republic of Sakha Yakutia is an integral part of the State's Fund for Precious Metals and Precious Stones of the Republic of Sakha (Yakutia). A part of Treasury values is exhibited for public display at the always open exhibition "Treasury of the Republic of Sakha (Yakutia)".

The exhibition "Treasury of the Republic of Sakha (Yakutia)" provides an opportunity to get acquainted with the unique collection of nuggets of gold, platinum, silver, large natural diamonds, a fine collection of works by Yakut masters - jewelers, cutters, bone and stone carvers.

The exhibition "Treasury of the Republic of Sakha (Yakutia)" and the preservation of exhibits is carried out by the state institution "State Depository of the Sakha Republic (Yakutia)."

Ethnographic complex «Chochur Muran»

Address: Republic of Sakha (Yakutia), Yakutsk, Vilyuysky tract, 7 km, 5.

Ecological and ethnographic complex "Chochur-Muran" was created as some sort of a tribute to the first Russian researchers of the Trans-Urals. The complex was opened in 2005 and is located beyond the city borders of Yakutsk, at the foot of the hill. It represents an area with several restored wooden buildings of different purposes. There are a lot of interesting things: for example, a merchant's house with a completely original interior and a beautifully carved window frames or barn, built according to the prototype of the barn of the same merchant (unluckily, the original building was not subject to restoration). The barn is also preserved original interior, and it, like other buildings on the territory of the complex, is now serves as a hotel with all amenities. Also interesting is the cottage of the rider (rider of sled dogs) and the magnificent house of the hunter - magnificent not in terms of size or splendor, but in the sense of the abundance of trophies that can be seen here.

The Mammoth Museum

Address: Republic of Sakha (Yakutia), Yakutsk, Kulakovsky str., 48, KFEN.

The establishment of the World Mammoth Museum in 1991 as a scientific and cultural center for the study of the mammoth fauna and its habitat and the promotion of scientific knowledge was initiated by the first Yakut paleontologist Petr Alekseyevich Lazarev. In 1995, in order to strengthen the scientific research, the Museum became a part of the Academy of Sciences of the Republic of Sakha (Yakutia), and was renamed to the Mammoth Museum. In July 1998, according to the Ordinance of the Presidium of the Academy of Sciences of the Republic of Sakha (Yakutia), the Museum was attached to the Institute of Applied Ecology of the North of the Academy of Sciences of the Republic of Sakha (Yakutia) as a structural unit. In 2011, the Mammoth Museum, as part of the Institute, also became a part of M.K. Ammosov North-Eastern Federal University.

On September 14, 2012, by the Order of NEFU Rector E.I. Mikhailova, the Mammoth Museum Laboratory was named after its founder, Candidate of Biological Sciences, the winner of Prize of the Republic of Sakha (Yakutia) in the field of Science and Technology, Honored Scientist of the Republic of Sakha (Yakutia), Honored Veteran of the SB of RAS, Lazarev Petr Alekseyevich.
